

*Connecting the Smart Home at the Business Design Centre, London*

*– Co-located with Connected World Summit & Banking Transformation Summit–*

*22<sup>nd</sup>-23<sup>rd</sup> October 2019*

As smart home capabilities continue to develop at an astonishing rate, Smart Home Summit showcases the latest technology and innovations to meet growing consumer expectations.

Discover the future of smart, connected living and leverage innovative technologies to deliver connected and secure homes at Smart Home Summit 2019 hosted at The Business Design Centre in London on 22<sup>nd</sup>/23<sup>rd</sup> October. 2 days of event will see 1000+ attendees, 150+ speakers, 50+ exhibitors.

Smart Home Summit brings together industry thought leaders and experts to share their experiences and explore how to unlock the value of new technologies.

With unrivalled content and practical 'how to' case studies, over 200 visionary speakers will address the challenges and opportunities for Connecting the Smart Home.

Some of the top speakers already attending Smart Home Summit include:

- **Natalia Konstantinova**, Lead Software Engineer - R&D Shell Energy
- **Liz Dawson**, Policy and Public Affairs Manager - Smart Energy GB
- **Patrice Slupowski**, SVP Digital Innovation – Orange
- **Rod Slater**, Head of Smart Tech and IoT – Exertis
- **David Smart**, Business Development Director Europe – Roost
- **Dan Wilkinson**, Connected Home Manager – Engie
- **Eamon Conway**, Managing Director – Climote

The conference programme focuses on 5 main themes: IoT, Blockchain Technology for smart homes, Cybersecurity and Data protection, Interoperability and provides an essential platform for learning as well as discussing the opportunities of smart homes technology with industry experts and leaders in technology.

Join us at the summit to learn about the latest tech innovations and the future of smart, connected living!
